The Division of Management Authority annually distributes a list of Captive-Bred Wildlife (CBW) Registration permittees to all CBW registration holders. The list, also available to the public, facilitates the exchange of parental stock among registered breeders and includes permittees that operate as individuals as well as those that are business entities. For businesses and other organizations holding CBW registrations (including sole proprietorships), the list includes name, permit number, address, and species held by each permittee. However, the records for individuals holding CBW registrations are contained in a Privacy Act (5 U.S.C. 552a) system of records. Therefore, only the name, species, permit number, and state of residence will automatically be included on the list. The complete address will be included only upon authorization from the individual permittees.

If you are **not** a business or organizational entity, and are applying for the CBW registration as an individual, please indicate which of the following you prefer:

\_\_\_\_\_ **YES**, the Service should include my complete address in its CBW registration list.

If your mailing address is different than the address of your facility, please indicate which address you would like included on the registration list:

\_\_\_\_\_ Please use my mailing address.                      \_\_\_\_\_ Please use my facility address.

\_\_\_\_\_ **NO**, the Service should not include my complete address in its CBW registration list.

For information not included on the list (address), the Service will only release such information as provided in the Privacy Act, or under the Freedom of Information Act upon a determination that the release would be in the public interest.
